

THABISO MOLEFE

0715092815 | molefethbs@gmail.com | New Doornfontein (Johannesburg, Gauteng, 2001)

PROFESSIONAL SUMMARY

Results-driven IT professional with over 3 years of hands-on experience in software development, data migration and data analysis. Demonstrates a proven ability to design, develop, and implement scalable solutions while offering valuable data insights.

EXPERIENCE

Junior Software Developer, QI Solutions

February 2022 - Present

- Designed and developed new software systems based on client requirements using Python and Odoo.
- Led data migration efforts, transitioning critical business data from legacy systems to modern platforms with zero downtime from SQL to PostgreSQL.
- Maintain systems and databases.
- Performed detailed data analysis using Python to identify trends, patterns, and insights that informed business strategies and decision-making.
- Developed dashboards and reports in PowerBI to visualize key metrics for stakeholders.

Software Developer Intern, Digititan Pty Ltd

February 2021 – January 2022

- Built and maintained websites for the company.
- Gained hands-on experience with development tools and technologies, including Python, Django, HTML, CSS, JavaScript, and PHP.

EDUCATION

BcomHons in Information Systems

Expected Graduation: 2025

University of Johannesburg

Advanced Diploma in Business Information Technology

December 2021

University of Johannesburg

Diploma in Business Information Technology

December 2019

University of Johannesburg

CORE COMPETENCIES

- **Software Development:** Python, Java, C#, PHP, JavaScript
- **Database Management:** SQL, PostgreSQL, MySQL, SQLite
- **Data Analysis & Visualization:** Data Analysis, PowerBI, Statistical Calculations
- **Development Tools & Practices:** Agile, Git, Docker, Test-Driven Development

SKILLS

- **Programming Languages:** Java, Python, C#, PHP, JavaScript
- **Databases:** PostgreSQL, MSSQL, MySQL, SQLite
- **Tools & Frameworks:** Docker, Django, PowerBI
- **Version Control:** Github, Bitbucket
- **Other Skills:** Statistical Calculations, Agile Methodologies, Test-Driven Development

CERTIFICATES

- Unix for Beginners (Udemy, 2024)
- Advanced Diploma in Business Information Technology (UJ, 2022)
- Web Application Technologies and Django (Coursera, 2022)
- Git Training (Simplilearn, 2022)
- Introduction to the Fundamentals of Databases (Simplilearn, 2022)
- PCAP: Programming Essentials in Python (Python Institute, 2021)
- Information Technology Essentials (Coursera, 2021)
- Diploma in Business Information Technology (UJ, 2019)
